## Care4U® Signature highlights

### Benolea® —EFLA®943

Benolea EFLA®943: Olive leaf extract with high oleuropein and polyphenol content that supports cardiovascular health and wellness.

### CitroVen™

CitroVen™: A blend of olive and citrus designed for cardiovascular support

### CURCUGEN®

Curcugen®: A highly concentrated, clinically-studied curcumin ingredient with a self-dispersion profile for easy and versatile delivery options that provide a sustained release mechanism for efficient dosing.

### echinacea —EFLA®894

Echinacea EFLA®894: Unique, cold-pressed juice from freshly harvested aerial parts of the Echinacea purpurea plant that supports immune system function and may enhance immune system function during stressful conditions.

### FenuLife®

FenuLife®: Unique source of galactomannan fiber that supports digestive health in individuals who experience infrequent stomach acid reflux.

### GO-LESS®

Go-Less®: Natural solution for bladder wellness that supports urinary bladder function and addresses urinary urgency in both men and women

### GO-LESS® MEN

Go-Less® Men: Helps support healthy male urinary function.

### LinumLife®

LinumLife®: Natural source of flax lignans (SDG) produced from selected flaxseed hulls that support healthy urinary/bladder function in men.

### Neuravena® —EFLA®955

Neuravena EFLA®955: Extract of a proprietary variety of oat herb selected for its superior activity profile that supports mental fitness and brain function.

### SoyLife

SoyLife: Unique isoflavone ingredient manufactured exclusively from soy germ that supports menopausal symptoms and bone health.
